HAVE MADE FALSE CLAIMS OF CONCESSIONS. THE AMERICAN TELEPHONE COMPANY SAID TO WASHINGTON, June 11 (Special).—For a week past the American Telephone Company has been disturbed by unpleasant rumors in regard to the American Telephone Company, the presidency of which Major Buttrworth was persuaded to accept upon its organization a month ago. A prospectus, with which the Government Departments have been flooded during the last few days, sets forth on the first page that the company has obtained a concession giving it the exclusive right to operate telephones in the city of New York for a period of thirty-five years. The concession is said to be for nine years, and four of the most important cities in the Republic, including Caracas and Valencia, are excepted from its privileges. It is asserted by the vice-president of the company that the period will be extended to thirty-five years, and that the exceptions mentioned will be removed. That, however, has not been done. IN PURSUIT OF THE APACHES.

THE HOSTILES DOUBTING AND TURNING IN THEIR MOVEMENTS WITH THE TROOPS AT THEIR HEELS. CHICAGO, June 11.—A "Times" dispatch from Nogales, Arizona, says: "Indications continue to strengthen the belief that the number of Indians on the warpath is much larger than is reported, as bands have been seen in widely different sections of the country on the same day. A telegram from San Carlos stating that there are hostiles in the Santa Barbara and Patagonia Mountains near this place indicates that the Indians are not so easily deterred by the Indians for the purpose of covering up their tracks. Yesterday afternoon a report came in to the effect that Lieutenant Nustand's men had a running fight with the hostiles, but later a courier came to the soldiers camp and reported that the troops ran upon a party of Indians, and at the time of his leaving were chasing the Indians over the hills. It seemed evident that the intention of the hostiles is to reach the Sierra Madre. The country is full of soldiers, and it is almost impossible to see how the Indians can escape. Captain Lee was yesterday preparing to go into the field in person in pursuit of the hostile Apaches. In reply to a question he produced the following dispatch from General Forsyth, the commander at Fort Huachuca: HUACHUCA, June 9.
